

CAPE MENTELLE

MARGARET RIVER

CAMILLE BRU

WINEMAKER

Born in Bordeaux, the beautiful vineyards and wineries of the region played the backdrop to her childhood, so it's no surprise that she found herself in the winemaking industry.

After gaining a Masters in Vine and Wine Science in 2013 and a National Degree of Oenology in 2015, Camille completed an internship at Chateau Latour in Pauillac, France.

Passionate about Cabernet Sauvignon, she eventually found herself in Margaret River where she completed a vintage at Voyager Estate in 2016. It was a Coup de Coeur (love at first sight) – breath-taking landscapes, a thriving food scene and world-renowned Cabernets.

Bitten by the travel bug, she expended her experience working vintages at Chateau Malescot Saint-Exupéry in France and Church Road Winery in New Zealand. She could not resist Margaret River and returned in 2018 to take on a position with Voyager Estate, moving to Cape Mentelle in 2019.

When not at the winery, you can find Camille enjoying one of the stunning beaches with her dog or catching up with friends over a glass of Margaret River's finest at one of many cellar doors.
